Safer Rutherglen is the community messaging system supported by Police Scotland, Scottish Fire and Rescue Service, South Lanarkshire Council and Neighbourhood Watch Scotland. This pilot scheme (called Safer Rutherglen) aims to give local people up to date information on what is happening in their area.

Simply by registering, free, with Safer Rutherglen, messages on local crime, antisocial behaviour, fire-related incidents, news, appeals and community safety advice can be sent directly to you by email, text or recorded phone message.

Safer Rutherglen not only allows you to receive messages about your local area, but also allows you to feedback information that will help the partner agencies to provide better services in your neighbourhood.

You can register to receive these messages by visiting www.saferrutherglen.co.uk, or by completing and returning this Freepost form.
